

KIVA Systems

Facility Planning Specialist

Want to be part of a company that is using a disruptive and game-changing technology to design the fulfillment centers of the future for leading retail, distribution, and manufacturing companies? Want to be on the leading edge of a \$20 billion market?

Kiva Systems, Inc. is a rapidly growing Boston-based robotics company that is revolutionizing supply chain operations. Our customers are large retailers, catalog operators, e-commerce and other companies that ship products to consumers, businesses and retail stores. Please see www.kivasystems.com for more information about us.

Kiva is seeking a talented and motivated individual to contribute to the Customer Solutions team as a Facility Planning Specialist. The Facility Planning Specialist specializes in conceptualizing, designing, and rendering the physical layout of complete Kiva systems. Duties include, but are not limited to:

- Producing detailed conceptual/design drawings in AutoCAD of the Kiva solution in customer facilities during the pre-contract (sales/design) phase
- Producing detailed installation drawings in AutoCAD during the post-contract (deployment) phase
- Creating Kiva drive movement floor plans (digital maps) using proprietary tools
- Participating in customer-facing meetings regarding facility planning.

The ideal candidate will have:

- Multiple years of experience with AutoCAD (2D) or equivalent software
- A background in industrial facilities layout and particularly material handling systems
- Commitment to quality and willingness to go above and beyond to achieve it
- Dedication and energy to thrive in a fast-paced environment, adapted to changing priorities.
- A can-do, team-oriented approach to the workplace
- Good communication skills
- Versatility to execute other assignments from time to time

Additional helpful qualifications would include:

- Four-year college degree
- Experience in/knowledge of warehouse operations
- 3D drawing experience
